Stuck.

A small boy at Richmond, says the Register, called in the other day to view his new born baby brother. He looked it over with dissatisfaction, and finally asked: "Mamma, where did this thing come from?" "An angel brought it Jimmie." "Wuz you awake when he came?" "Certainly Jimmie." "Well, then, mamma, all that I have got to say, is that you are dead easy. I'd like to see any old angel put off such a looking thing on me. But I reckon we are stuck, unless I kin work Johnny Green to trade it sight-unseen for one of his spotted pups."

Total Number of Dead 1,200.

Efforts to recover the bodies of those killed by an explosion on board the French battleship Iena near Toulon, Tuesday, have not yet resulted in definitely fixing the number of casualties. There are still unaccounted for forty-eight officers and ten men, and there is little doubt that all missing have perished. It is feared the total number of dead will reach 1,200. In this belief the naval hospital was instructed to prepare mortuary space for that number.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: **F. J. CHENEY & CO.,** Toledo, Ohio.

A Formidable Racing Stable.

Woodford Clay, of this county, whose stable always attracts attention in the East or West wherever he races has succeeded in securing the names for a few of his two-year-olds and the list is as follows:

Running Star, ch. f. by imp. Star Shoot, dam Wincome.

Something Doing, ch. f. by Sir Dixon, dam Much Ado.

Mary Wacey, b. f. by imp. Bridge Water, dam M. S. Mary.

Goddard, b. c. by Bridgewater, dam Olinda.

Nimbus, b. c. by imp. Star Shoot, dam Lady Elite.

Running Star is a sister to Paris, the winner of the Cincinnati Trophy, and to Winsome Waves, a good and consistent winner. Goddard is a brother to Harvey Wilson, and the dam of Nimbus was one of the was one of the best race mares on the turf during her days. With Kentucky Beau, Head Shot and Orange and Blue to represent the older division the Clay stable looks to be a formidable one.

Derivation Of "Easter."

Like many another term in Christian nomenclature, the word "Easter" is derived from pagan sources. The Saxon goddess of light, "Eastre," was honored with annual festival at the vernal equinox. The Jewish passover was also regulated by the March moon and the resurrection of Jesus occurred at this season. In later centuries the great Christian festival came to bear pagan name "Easter" and to be celebrated at a time co-incidental with the Jewish feast.

Look Out For Him.

Papers throughout the State are telling of a shrewd swindler who is victimizing the people, and Bourbon county residents are hereby given warning to be on the lookout. The man sell an inferior grade of bed springs. He enters a home and asks permission to examine the feather beds. With his knife he rips open the tick and thrusts in his hand and brings forth a handful of feathers, mixed with bugs which he had taken from his pocket. These he exhibits to the astonished household. In these homes, it is alleged, he placed springs for \$10 that could have purchased for \$4.50, taking the bug infested feathers in exchange for the springs.

Big Strike Predicted.

Thirty thousand of the \$5,000 railway trainmen employed on the forty-nine railway systems west of Chicago are declared to have decided in favor of a strike unless their demands for an increase in wages and decrease in hours are granted unconditionally by railway managers in Chicago this week.

Democratic Ideas Vindicated By Time.

William Jennings Bryan was the guest Friday of the Democratic State Committee of Massachusetts, at Boston, and at a banquet delivered an address in which he touched upon various points of Democratic doctrine which, he declared, had been vindicated during recent events. The dinner followed a reception at which some 200 Democrats were introduced to Mr. Bryan.

Mr. Bryan was given a great demonstration, all those present standing and cheering repeatedly. State Democratic Chairman Feeney introduced him as the "foremost figure in American statesmanship" and expressed his doubts of any office which Mr. Bryan might hold would make him any dearer to the American people.

"I think," asserted Mr. Bryan, "that if we had had a vote unpurchased and unindulged in 1906, I would have been elected by an overwhelming majority. We had against us the largest corporation fund that was ever used in a campaign."

"No one rejoices more than I in the vindication that has come to Democratic ideas. And I rejoice so much that I never lose an opportunity to thank the President for what he has done. I want no men in the community to anticipate me in hearty commendation of anything he does that I believe is right. I do not know what the President's attitude will be in the coming campaign, but it is certain that he cannot take back what he has said about our ideas. "Ten years ago they called our ideas insanity, yet on no question that we ever discussed have we been more vindicated than on our idea that more money would make higher prices and better times."

Mr. Bryan charged that the slump in stocks was caused by the very men who are now complaining.

"If I may venture a prediction," he added, "I would say that in the fight that is coming the Democratic party will be looked upon as the protector of the small investor against the sharks that have obtained power in Wall street."

Mr. Bryan was given a second ovation when he concluded his address.

Warship Too Big.

According to the London Chronicle the official accounts of the Dreadnaught's behavior on her trip to Trinidad are not altogether supported by private letters.

The engines worked well, but the heat in the engine room exceeded anything ever experienced by those on board. Owing to the great size of the ship her maneuvering qualities at slow speed were not equal to those of smaller ships. It is stated that the big battleship cannot keep her station with reciprocating ships at 20 knots, and that for night maneuvering without lights in close formation the ship is out of the running.

Negro Gets The Place.

Allan Leroy Locke, colored, of Philadelphia, who will graduate from Harvard University in June, has been awarded the Rhodes scholarship at Oxford University, which this year was allotted to the State of Pennsylvania. The selection was made by the committee headed by Provost Harrison, of the University of Pennsylvania. Locke was chosen over four other candidates.

Another Prophecy.

And now comes that Western Kentucky fellow who says that we are to have a four inch snow on the 30th inst., followed by an all-day sleet on Easter. But this prophecy won't prevent the average woman from planning her Easter hat even if she doesn't wear it.

Kentucky Stands Fourth.

The State of Kentucky, with a total of \$24,469,084, was the fourth State in the Union last year in the amount of internal revenue paid into the United States Treasury, according to the report of the Commissioner of Internal Revenue, just received.
